- BBQ
- Pizza oven
- Gym Area

## DESCRIPTION

The Villa dei Mori is one of the few villas in the centre of Positano. It is located in Fornillo, an ancient and characteristic area of Positano at 100mt to the parking and the bus stop. You can reach the property passing through a narrow and short street with only 18 steps: it is really unusual in a town like Positano, growth up on a steep, but incredible slope. Also you can easily reach the Fornillo beach in 2 minutes, thanks to the courtesy of the Hotel Vittoria, where only for the guest of Villa dei Mori is possible to take the elevator to reach the lido. But if you prefer, the beach is at 5 minutes walking.

Beyond the gate 15 steps, surrounded by an elegant bougainvillea, will introduce you in a garden with a lush vegetation of palm trees, lemon trees and mediterranean plants. An incredible sea view will have all your attention: the incredible bay of Positano, with the colourful coast and the white Praiano will appear to you. Take a look at the garden fully equipped with seats and tables and the particular fountain- pool. The garden could be a pleasant area, an ideal place to have a dinner or a fresh drink or to take a sunbath. The villa is based on 2 levels with 3 access.

Ground floor: there are 2 double bedrooms with an ensuite bathroom and a bathroom.

First floor: master bedroom with ensuite bathroom (bathtub and shower); a single bedroom with ensuite bathroom (shower); a double bedroom with ensuite bathroom (shower);

Dependance: a double bedroom with ensuite bathroom (shower).
